SINCLAIR KNIGHT MERZ offers an extensive range of security skills and services providing flexibility and capability to meet the needs of our clients.

“Our holistic security approach ensures an integration of operations, management, physical attributes and the application of technology.”

SECURITY

Sinclair Knight Merz (SKM) is a leading security consultancy with a demonstrated in-depth knowledge of the complex functional requirements of various industries and sectors.

Our highly regarded industry professionals focus their security skills and services in:

- Government and Defence
- Critical Infrastructure
- Justice
- Industry and Resources
- Financial
- Commercial and Residential
- Public Venues
- Public Buildings

SECURITY PHILOSOPHY

SKM's security philosophy is based on the principle that security is not engineered by technology alone.

Our holistic security approach ensures an integration of operations, management, physical attributes and the application of technology.

We meet our clients' expectations for cost effectiveness, operational flexibility and ease of implementation and maintenance.

SKM understands that security solutions require unique and innovative approaches to deliver operational functionality, while continuing to complement design attributes and optimise user experiences.

SECURITY RISK

SKM is a leader in security risk and review services. Our specialists merge technical excellence with extensive experience and a reputation for practical, robust outcomes.

SERVICES

- Security Risk Assessment
- Due Diligence
- Security Compliance Auditing

ABOUT US

SKM is a global project delivery consultancy working for public and private sector clients in the Building and Property, Infrastructure, Industrial, Power, Water and Environment and Resources markets.

We have offices across the United Kingdom, Australia, New Zealand, the Pacific, South East Asia, South America and in the Middle East.

We offer more than multi-disciplinary technical skills – we provide our clients with tailored business advice and solutions to meet their needs. We are passionate, innovative and take pride in adding value.

GLOBAL REACH

With several thousand staff operating across the globe and extensive security capabilities in key locations, we are able to provide the knowledge, expertise and resources to meet the unique specialised security needs of our clients.

We underpin this global capability with comprehensive knowledge sharing and strong emphasis on the continual development of our staff.
